Welcome to the Village at Thornapple: Jewel of the West Side of Columbus

Our community, 275 distinct homes spanning 18 beautiful streets, was established in 1992 by developer C.V. Perry. We are a warm and diverse community of residents with a longstanding sense of pride in home ownership.

Our homeowners' association is committed to maintaining the highest standard of community pride. Association membership is not elective. Every homeowner automatically becomes a member when they purchase their home. As such, homeowners are responsible for abiding by the governing documents of the community: Quitclaim Deed, Architectural Design Guidelines, Policies, and Procedures. Voting privileges are reserved for homeowners whose dues are paid in full.

What do your dues pay for?

The homeowners' association is responsible for maintaining \$550,000.00 in community assets which include:

- 3 acres of reserve property: 2 entryways, the community park, and their features
- 6,000 square feet of landscaping beds
- 3,100 linear feet of community fence and landscape easement tree line
- 20 cedar street signposts
- Insurance on all assets

Please take a few minutes to become familiar with the Community Handbook. It is designed to communicate the community standards and expectations and to help you understand the role and function of the association's board of directors. This handbook, as well as additional community information, can be found at www.thornappleassociation.org. If you have any questions, please e-mail the board of directors at board@thornappleassociation.org.

DEFINITION OF TERMS

- 1) Appurtenant - Pertains to.
- 2) Architectural Review - The process by which a homeowner requests the review of exterior home improvements to ensure Deed Restriction and Design Policy compliance.
- 3) Code of Regulations - A document, recorded in the county records, which relates to the overall governance of the Village at Thornapple Homeowners' Association. It defines membership, voting privileges, and the duties of the Village at Thornapple Homeowners' Association's Board of Directors. It details the Board's authority and responsibilities which include establishing a budget and the collection of assessment payments.
- 4) Common Property – See Reserve Property.
- 5) Corner lot - A lot abutting the intersection of two (2) streets.
- 6) Deed Restriction (Quitclaim 5.02 – 5.16) - Articles within the Quitclaim Deed which restrict the alteration and usage of property. It prohibits, but is not limited to, such things such as chain link fences, above-ground pools, storage buildings, and recreational vehicle storage.
- 7) Design Policy - The Design Policy establishes the standards of curb appeal within our community. It also defines the process for the review of all exterior home improvements and provides a mechanism to enforce compliance. The authority to establish and enforce the Design Policy was decreed to the Board in the Quitclaim Deed through Assignment of Architectural Control. This document transferred the Developer's authority to the Board in order to further develop the community design standards. Standards include the earth tone and neutral color of homes, uniform mailboxes and posts, and general property maintenance. A strong Design Policy and consistent enforcement maintains property values and an overall community appearance.
- 8) Foundational Colors - The colors on a home which typically do not readily change. For example, brick and stone color remain unchanged and should be the central point of reference for roof, stucco, window trim, vinyl siding (sections 6 and 7) color compatibility. Body, trim, and accent elements should complement all of the foundational colors of the home.
- 9) Front Elevation View - The straight on view of the home and lot within the property lines of a residence along an abutting public right-of-way.
- 10) Hypothecate - Test the market value of.

The earnings and any portion of the earnings of this corporation cannot be given to any director, officer, or homeowner or any other individual within the Association unless it is for direct reimbursement for services performed on behalf of the Association.

- 12) Ohio Revised Code -The statutory code of Ohio law. - Contains all acts passed by the Ohio General Assembly and signed by the Governor of Ohio to govern restricted communities. See Chapter 5312 Ohio Planned Community Law.
- 13) Outbuilding - An **enclosed** structure not connected by footer and foundation to the primary dwelling. All buildings for storage, not including the residence garage, are strictly prohibited.
- 14) Quitclaim Deed (QD) - Drafted by C.V. Perry and recorded with the county records in 1992, the Quitclaim Deed is the “master plan” for The Village at Thornapple. As “title” to the land and each section, it established the overall community design, lot specifications, and restrictions which apply to each lot owner in the development. These restrictions "run with the land" which means if you purchase a lot within the development you are bound to these restrictions. The QD also established the corporation, Thornapple Association Inc. It empowered the Board to establish the Design Policy. It established the Board’s mandate to enforce community standards and its fiduciary responsibility to maintain community assets.
- 15) Reserve Property (common elements) - Property, and all its improvements, within the Village at Thornapple assigned by the Developer to the Homeowners’ Association. These include Thorncrest Drive and Rothchester Drive entryways, Community Park, and Community fence and easement.
- 16) Screen from View - The use of a pre-approved structure or live evergreen landscaping material to meet the compliance standards for **year-round** screened from **front elevation view**. Please refer to VAT HOA Community Handbook, pp. 20-29, for the specific Design Guideline screening requirements. Corner lots have the distinction of having greater front elevation visibility considering that the property lines abut to more than one public right-of-way. All required structures must meet screened from view standards for both public right-of-way elevations on a corner lot. Screened from view does NOT apply to items which are prohibited on any lot regardless of visibility.
- 17) Standard lot - A lot abutting a single public right-of-way.

Should a City tree become diseased, die, or is in need of pruning, the homeowner must file a service request at www.311.columbus.gov or call (614)645-3111. The Homeowners' Association Board will address concerns associated with City trees that abut the Reserve Property (Definitions, p. 2). When City trees are removed from the easement abutting a homeowner's property, the homeowner is responsible for turf restoration: stump debris removal, soil replacement, and seeding.

Sidewalks

Each homeowner shall maintain the sidewalk which abuts their property to ensure that it remains clean, safe, and structurally sound (City Code: Title 9, chapter 905). Any damage caused to the sidewalk by the homeowner shall be repaired or replaced by the homeowner. Variations in concrete surface level of 1/2" or greater shall be repaired or replaced by the homeowner. If you suspect that a street tree has caused the damage, you must file a service request at www.311.columbus.gov. Sidewalk replacement requires a City permit.

ARTICLE 5 - CONSTRUCTION STANDARDS

Common Property (Definitions, p. 1)

- a) **Construction Personnel:** The owner, his contractor, or any other person(s) associated with construction may not damage the surface of the Common Property during construction or use any portion of the Common Property for storage or other activities relating to construction. Roadways and adjoining lots shall be kept clean and free of debris (and roadways free of mud) that may result from construction activities on a lot.
- b) **Construction Sites:** The owner, his contractor, or any other person(s) associated with construction shall keep a clean construction site. All construction debris, lumber remnants and scrap materials shall be removed from the site after each phase of work such as foundations, floors, walls, roofs, etc., and in no case allow the accumulation of more than one week's debris. In lieu of removal from the site, the Board of Directors may authorize the use of a dumpster to be placed upon the construction lot. A portable sanitation restroom may be placed upon the construction lot and shall be screened from view at all times (Definitions p. 2). Contractors shall not be allowed to have animals, drugs, alcohol, or loud radios on the job site. Violators will be required to leave.
- c) **Noise Control:** The owner, his contractor, or any other person(s) associated with construction shall restrict all noise-producing construction activities to the following hours:
 - Monday through Saturday, 7:00AM to 5:00PM.
 - Sundays and Holidays, 9:00AM to 5:00PM.

ARTICLE 6-DOCUMENT ENFORCEMENT

The Village at Thornapple Board of Directors is mandated to establish and enforce the governing documents of the community: ORC 5312, Quit Claim Deed and The Village at Thornapple Homeowners' Association Community Handbook. These laws and standards also apply to homeowner guests or occupants, including the tenants, of his or her home.

Ohio Revised Code, Chapter 5312.11: Ohio Planned Community Law, dictates the content of the enforcement letters and the hearing request process.

Enforcement Process:

1. The Property Manager will conduct property inspections on a bi-monthly basis. Any alleged violation reported as a homeowner complaint will be verified.
2. The Property Manager will provide the homeowner(s) in violation with a Notice of Intent to Impose Enforcement Assessment specifying: the date of inspection; a description of violation; the design guideline and/or policy being enforced; the date by which the homeowner must cure the violation; the proposed charge or enforcement assessment; and a statement describing the homeowner's right and the procedure to contest the proposed charge or enforcement assessment.
3. To request a hearing, the owner shall deliver a written notice to the board not later than the tenth day after receiving the notice. If the homeowner fails to make the timely request for a hearing, the right to that hearing is waived, and the board may immediately impose a charge for damages or an enforcement assessment.
4. If a request for a hearing is received within the required time, the board shall provide the homeowner with written notification including the date, time, and location of the hearing.
5. If a homeowner fails to attend the scheduled hearing without notifying the Board, the homeowner waives their right to a hearing with the Board and the Board may immediately impose the charge or enforcement assessment.
6. If a homeowner must cancel the scheduled hearing, the homeowner must inform the Board of their request to cancel the hearing with the Board in writing. The Board may then reschedule the hearing to the next available date and notify the homeowner as to the rescheduled hearing date, time, and location.
7. If a homeowner cancels the rescheduled hearing or fails to attend the rescheduled hearing, the Board will not reschedule a hearing date and may immediately impose the charge or enforcement assessment.
8. Within thirty (30) days following a hearing, the Board will communicate its decision to impose the charge or assessment in writing. Payment is expected within ten (10) days of receiving the Board's decision.
9. Any unpaid charges or enforcement assessments will initiate the Collection Policy (p.12).

Enforcement Assessment Schedule:

- Notice of Intent to Impose Enforcement Assessment #1: \$25.00
- Notice of Intent to Impose Enforcement Assessment #2: \$50.00
- Notice of Intent to Impose Enforcement Assessment #3: \$75.00
- Notice of Intent to Impose Enforcement Assessment #4: \$100.00
- Every Notice of Intent to Impose Enforcement Assessment thereafter: \$100.00

ARTICLE 7 - REVISIONS OF THE VAT HOA COMMUNITY HANDBOOK

The Board may amend or modify the provisions of the VAT HOA Community Handbook. No such amendment or modification shall affect structures or improvements approved prior to such changes. Any amendments and modifications shall be published immediately and made available to homeowners.
